This cow has been a rapid producer and will be in very ordinary breeding condition. Has a November red bull calf by Lone Vien Duplicator 19th, one of her first calves. This calf is growthy, good head and quarters, and looks like a grand prospect. The cow is also the dam of the open heifer, Lot 40, Bell-Aire Orange Ann 15th. I think the heifer is good evidence. She produces the right kind and raises them without nurse cows. Re-bred to Duplicator Jan. 18.

This heifer was just a few days too old for a 1957 Club heifer and intended keeping her for a replacement heifer. Will be just the right age to breed this Spring. I think you will like her.
